Russians Take Exception At Act of British Warship.

NO CLASH OF SEA DOGS AS YET

No News of Admiral Rojestvensky's Squadron Has Been Received at Russian Capital—Colliers Arrive at Hong Kong.

St. Petersburg, April 15.—2:37 p. m.—No further news beyond that contained in the foreign telegrams has been received regarding the squadron commanded by Vice Admiral Rojestvensky, but the impression continues that he is steaming toward the island of Formosa with the intention of giving battle if Togo accepts the challenge. Some of the papers, notably the Novoe Vremya, still manifests irritation at the warships in reporting the movement of the Russian squadron. The Novoe Vremya says that the vessels of all nations are observing neutrality "with the exception, of course, of Great Britain." The papers takes particular exception to the fact that the British cruiser Iphigenia transmitted by wireless telegraphy the information that she had passed Admiral Rojestvensky's squadron 140 miles from Saigon which was very important news to the Japanese inasmuch as Rojestvensky had succeeded in slipping by the Japanese scouts.

"For a commercial ship to report such a fact upon arrival at a port is quite natural," says the Novoe Vremya, "but is not so important, as the news is then more or less old and in the meantime the squadron might have changed its course, but for a man-of-war to send such information to a coast station by wireless telegraphy is unfriendly.

"However, this is not the first time the British have conveyed a valuable warning to their friends. During the Chino-Japanese war when Great Britain was on the side of China a British cruiser at Wei-Hai-Wei warned the Chinese admiral by firing a salute upon the approach of the Japanese fleet, although at night, when it is not the custom to salute in that fashion."

She is also under bond for the other cases and the $5,000 is additional and in no way affects the other cases.

The bail is allowed pending appeal proceedings, which are to come up next October before the United States circuit court of appeals. Judge Wing, counsel for Mrs. Chadwick, said it was not certain whether bail could be secured nor could he say just how soon the papers in the appeal would be filed.

District Attorney Sullivan was in court to look after the interests of the government when Judge Wing applied for bail, and opposed the request that it be fixed at $5,000, which was the amount desired by Mrs. Chadwick's attorneys.

ASKS UNCLE SAM TO PAY DAMAGES

Mexican Who Was Shot By An American Wants Pay.

THOUGHT CASE WAS SETTLED

The Mexican Ambassador Says Texans Evince Slight Interest for the Lives of His Countrymen Who Reside on This Side of the Border.

Washington, April 17.—Failure of a Mexican citizen to obtain satisfaction from the authorities of Cameron county, Texas, for personal injuries suffered in that county, evoked a serious complaint to the Washington government from the Mexican government against the Texas authorities, and caused Secretary Hay several months ago to offer out of the federal treasury $500 to Mexico in satisfaction of its official claim for damages.

The story is told in official correspondence published at the state department today. Eugolo Zobrano, a Mexican citizen, pawned a rifle at Browneville, Tex., belonging to a citizen of that town who was arrested, and while being carried to jail it is alleged he attempted to escape and was shot at and wounded by private McKenzie, of the Texas Ranger force. The Mexican consul reported that Zambrano was tried and sentenced without any account being taken by the court of the wounds inflicted by McKenzie, but the judge in passing sentence on the prisoner told him that he inflicted a light punishment because he had been wounded. This statement in the opinion of the Mexican government, afforded ground to assert that the wounding was unwarranted. In a note to Secretary Hay, the Mexican ambassador at Washington entered a formal complaint against the Texas authorities on account of the slight respect they usually evince for the lives and interests of Mexicans residing on this side of the border, and asked for indemnity in behalf of Zambrano.

Secretary Hay, in his reply, said:

"I have the honor to say that the department after careful consideration of all the circumstances has reached the conclusion that some compensation should be made to Zambrano because of the failure of the authorities of Cameron, Tex., to try and punish Ranger McKenzie for unlawfully shooting him, and it is willing to make payment to you on behalf of Zabrano of the sum of $500 in full settlement of the matter."

This offer was accepted by the Mexican government, and the incident was closed.

Negro Kills White Youth.

Nashville, Tenn., April 17.—A dispatch from Veroma, Tenn., says that Isom Boyd, a half-witted negro, met Allen Reynolds, a young white man, in the road, took his gun from him and shot the top of his head off. The negro was arrested and placed in jail. A mob soon gathered and told the sheriff if the negro was not tried at once he would be lynched. Judge Richardson has the matter under advisement, and the mob is now waiting on his decision.

Legislators in a Fight.

Nashville, Tenn., April 17.—Representative W. B. Cleage, chairman of the penitentiary investigation committee, and Representative T. C. Gordon had a personal difficulty on the floor of the house yesterday. Mr. Gordon struck Mr. Cleage two blows, when the men were separated. The trouble grew out of the penitentiary matter. Mr. Cleage called Mr. Gordon a liar. The former apologized.

In a note to Secretary Hay, the Mexican ambassador at Washington entered a formal complaint against the Texas authorities on account of the slight respect they usually evince for the lives and interests of Mexicans residing on this side of the border, and asked for indemnity in behalf of Zambrano.

Secretary Hay, in his reply, said:

"I have the honor to say that the department after careful consideration of all the circumstances has reached the conclusion that some compensation should be made to Zambrano because of the failure of the authorities of Cameron, Tex., to try and punish Ranger McKenzie for unlawfully shooting him, and it is willing to make payment to you on behalf of Zabrano of the sum of $500 in full settlement of the matter."

This offer was accepted by the Mexican government, and the incident was closed.

NEWS OF CITY AND COUNTY CONDENSED

Miss Elizabeth Nichols of Kingston, Mass., and Mrs. Henry L. Revere of Brookline, Mass., after a season delightfully spent as guests of the former's brother, Col Nichols, departed for their respective homes yesterday. These ladies have many friends here who regretted very much to see them leave, but who will gladly welcome them again next season.

Rev. Mr. Frankel, the Episcopal divine, has returned from Cedar Key, where on Sunday he preached an interesting sermon. Mr. Frankel has removed to this city from Leesburg, and is making this his headquarters, supplying a number of churches throughout the State. He and his estimable family are gladly welcomed here, and it is to be hoped they will be well pleased.

Among the prominent Odd Fellows visiting this city are J. L. Rankin of Palatka, Pioneer Lodge, and Messrs. Bailey and Godfrey of Satsuma Hights. Mr. Bailey is Grand Marshal of the order for the State, while Mr. Godfrey is representing Satsuma Lodge. The gentlemen, all of whom are old friends of the city editor of The Sun, favored this office with an agreeable call yesterday.

Dr. J. Harrison Hodges departed yesterday for Atlanta, where he has been appointed delegate from Florida to the Anti-Tuberculosis Association, which will be held in that city today and tomorrow. From Atlanta Dr. Hodges expects to go to Jacksonville, where he will be present at the session of the Florida State Medical Association, which will convene in that city Wednesday and Thursday of the present week. He expects to return home the latter part of the week, after a pleasant and profitable trip.

The material for the building to be erected by L. L. Hill, East Liberty street, is being placed upon the ground, and work will begin within a short time. As has been stated before, the building will be of brick, and will be used for store purposes. The front will be of Georgia pressed brick, extra fine, while the side and rear walls will be constructed of durable brick of Florida clay. Mr. Hill expects to have the stores ready for occupancy within three months. The building will be one story, and will contain five stores. It is understood that all have already been engaged.

Captain W. S. Jordan of Jacksonville, well known throughout the State as one of the efficient representatives of the New York Life Insurance Company, left Jacksonville for New York Sunday evening, having been called on important business connected with the company. Col. Jordan is one of the most efficient and shrewdest insurance men in the State, and will never be left on a "proposition" where there is money for both the beneficiary and the company he represents. Col. Jordan declares while there is some profit to the insurance company, there is yet more profit and benefit to the insured, and works with a clear conscience and a success.

Committee of Officers and Citizens Will Make Investigation.

In compliance with a suggestion by members of the Legislature from Alachua county Superintendent Jere M. Pound of East Florida Seminary, Dr. J. D. Watkins of the board of trustees, Mayor W. R. Thomas and Dr. J. F. McKinstry, Jr., went Sunday to Tallahassee to confer with Senator McCreary and Representatives Roxborough and Tillman as to the needs of the Seminary. These gentlemen are all of influence and standing, and it is believed that the conference with the representatives will result in some benefit to the school.

COUNTY JUDGE'S COURT.

Man Accused of Larceny of Hogs Was Acquitted by a Jury.

There was an interesting session of Judge Mason's court Monday, being the case of the State vs. Wesley Busch, charged with the larceny of a hog by T. J. Shirley.

The defendant was arraigned and pleaded not guilty, whereupon a jury was called as follows: Robert L. McKinstry, A. J. DaCosta, C. H. Stigeher, D. A. Robertson, Neill Thomas, A. R. Harper.

The jury having been sworn, nine witnesses for the State were examined, at the conclusion of which, the defense, through Attorney Evans Haile, stated to the court that the defense had no testimony to offer, whereupon the jury returned and with little delay brought in a verdict of not guilty, and the defendant was discharged.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for lagrippe" say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

Monday's Fish Dinner.

A pleasant party of about a dozen, bent upon the pleasure of a day at Alachua Sink, participated in a fish dinner Monday, and all who attended report a delightful time and a big feast of choice fish prepared in both fry and chowder.

Judge J. A. Carlisle, than whom there is not a more competent chowder maker in the State, prepared the chowder in a most tempting manner, while Tom Boulware, who enjoys a reputation in that line, prepared the fried fish—and everybody ate to their heart's content. There were several ladies in the party, who declared they had never tasted anything better prepared—and naturally the genial Judge and Mr. Boulware, the chefs, "swelled up."

The only incident occurring to mar the pleasure of the day was an accident which happened to a certain young man, a visitor to the city, who happened to fall overboard, receiving a partial drenching. The young man was endeavoring to land a large bass, when the line parted and he was participated into the water. He took the matter good-naturedly, however, and smiled at the young ladies who were good-naturedly joking him over the matter.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

Notice.

Notice is hereby given that the Medical Examining Board for the Eighth Judicial District will meet at Starke, Fla., 10 a. m. Tuesday, May 9th, 1905, for the purpose of examining applicants for certificates to practice medicine and surgery.

In The Sun of Friday there appeared an editorial relative to the Brown-Baskin case now pending before the Senate Committee on Privileges and Elections. Lest this editorial be misconstrued and accepted as an authoritive expression of opinion by Senator McCreary, it is here stated that the editorial in question was written entirely without consultation with the Senator, who, in his official capacity as a State Senator, will of course be solely guided both by the report of the committee and the evidence and argument submitted to the Senate.

TREASURY DEFICIT.

Although the improvements in revenues during the past two months or more have reduced the difference between receipts and expenditures, and cut down the deficit for the year somewhat, the continued advance in the nation's expenditures more than offsets the increased receipts, making the prospect for increased deficit anything but encouraging.

In his last annual report to Congress Secretary Shaw estimated the deficit for the year would be $18,000,000, based on the visible receipts. There are indications that the latter will be fully up to the estimated figure, but expenditures are mounting upward at a rate that promises to be far in excess. The treasury statement issued recently covering the nine months of the fiscal year indicates that, unless there is a marked improvement in receipts, the deficit July 1 will be nearer $25,000,000 than the estimated $18,000,000. For the nine months just closed the receipts were $411,935,967, and the expenditures $436,414,106. The increase of $24,000,000 in disbursements is due to a heavy advance in three items, the civil establishment calling for an increase of $7,000,000, the war department for $10,000,000 and the navy for $14,500,000.

The last three months of the year are always productive of heavy revenues. It is possible the increase will be sufficient to wipe out the difference between Secretary Shaw's estimated deficit and the prospective one, although a comparison of receips for the nine months past and the corresponding period of last year holds out no encouragement, the two running practically the same. The statement just issued emphasizes the necessity of greater economy on the part of the nation or the adoption of some plan which will be productive of a sufficient revenue to meet the demands made upon the treasury and furnish a reasonable guarantee against continued deficits.

ABOUT POLITICAL DEBTS.

Americans fight their political battles to a finish. They give and take hard knocks. They may agree only on one thing politically, but when it is down to one thing it is always a mutual hatred—a bitter, persistent, vigorous, though always impersonal hatred—of a mugwumpism or anything with a mugwump fragrance about it. Mugwumps call themselves "independents" nowadays. The mugwump is a figurative glass of brandy and water with the brandy left out. The party the mugwump tries to sell for the traditional pieces of silver hates him and every member of the other party despises him.

Americans fight their political battles tooth and toe nail, but never allow it to interfere with personal or social relations. When they get a chance to do up a political Pharisee, however, like happened in Chicago recently, they invariably do him up thoroughly. They certainly blacked the eyes of the pure Mr. Harlan and his friends in the most approved style. As he was too good to vote with a party the party refused to vote for him.

Our people admire those who have the courage of their convictions. They like a man none the less because he is of the opposite party if he is openly, consistently and manfully of the opposition. They dislike and distrust those who always agree with them.

Probably the two most popular men in the country personally are President Roosevelt and William Jennings Bryan. This admiration comes from political opponents as well as friends and is due to the general belief in their honest devotion to their convictions of right.

Neuralgia And Other Pain.

All pain in any disease is nerve pain, the result of a turbulent condition of the nerves.

The stabbing, lacerating, darting, burning, agonizing pain that comes from the prominent nerve branches, or sensory nerves, is neuralgia, and is the "big brother" of all the other pains.

Dr. Miles' Anti-Pain Pills rarely ever fail to relieve these pains by soothing these larger nerves, and restoring their tranquility.

Dr. Miles' Anti-Pain Pills leave no bad after-effects, and are a reliable remedy for every kind of pain, such as headache, backache, stomachache, sciatica, rheumatism and neuralgia.

They also relieve Dizziness, Sleeplessness, Nervousness, Car-Sickness, and Distress after eating.

"For many years I have been a constant sufferer from neuralgia and headache, and have never been able to obtain any relief from various headache powders and capsules, until I tried Dr. Miles' Anti-Pain Pills. OLD SORES OFFENSIVE-DANGEROUS

Nothing is more offensive than an old sore that refuses to heal. Patiently, day after day, it is treated and nursed, every salve, powder, etc., that is heard of is tried, but does no good, until the very sight of it grows offensive to the sufferer and he becomes disgusted and morbid. They are not only offensive, but dangerous, because the same germs that produces cancerous ulcers is back of every old sore. The cause is in the blood and as long as it remains the sore will be there and continue to grow worse and more destructive. The fact that thousands of old sores have been cut out and even the bones scraped, and yet they returned, is indisputable evidence that the blood is diseased and responsible for the sore or ulcer.

Some years ago my blood became poisoned, and the doctor told me I would have running sores for life, and that if they were closed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated I would be, neither have the sores ever broken out again. JOHN W. FUNDIS.
Wheeling, W. Va., May 28, 1903.

Valuable time is lost in experimenting with external treatments, such as salves, powders, washes, etc., because the germs and poisons in the blood must be removed before a cure can be effected. S. S. S. cleanses and purifies the circulation so that it carries rich, new blood to the parts and the sore or ulcer heals permanently. S. S. S. not only removes the germs and poisons, but strengthens the blood and builds up the entire system by stimulating the organs, increasing the appetite and giving energy to the weak, wasted constitution. It is an exhilarating tonic, aids the digestion and puts every part of the body in good healthy condition. Book on the blood, with any medical advice wished, without charge.

INTERESTING LETTER FROM THE CAPITAL

The Regent Bill is Creating a Great Deal of Interest.

GAINESVILLE CHARTER BILL

This Bill Will Probably be Introduced Early This Week—Protests From North Gainesville Will Receive Due Consideration.

BY L. J. BRUMBY.

Tallahassee, April 17.—The first two weeks of 1905 session of the Florida Legislature have passed into history. So far the promises of a more than usually lively session have not materialized, but then it is very early yet, and two weeks is none too little time for the members to become acquainted, the committees properly organized and in fact the whole legislative machinery to become effective and to work smoothly. From now on events of moment will follow each other rapidly.

The Regent Bill.

It is not exaggeration to say that the most talked of measure, the one that has created most discussion and that promises to be a memorable subject of state within committee rooms and in open sessions of the Legislature, is what is known as the "Regent's Bill," introduced by Mr. Stockton in the Senate and Mr. Wall in the House. This bill, if created into a law, will certainly work a revolution in the system of higher education in the State; for great good, claim its advocates; for great injury, say its opponents. The bill as it stands at present provides for the appointment of a board of fifteen trustees. This board will supercede all existing boards, and will have full control over the following State educational institutions: University of Florida, East Florida Seminary, Florida State College, St. Petersburg Industrial School, South Florida Military College and Florida State Normal School.

A very important amendment has been adopted in the committee and provides that each congressional district please furnish five of these trustees. This gives a fair distribution, as for instance Lake City and Gainesville are in the Second district, Bartow and St. Petersburg in the First and Tallahassee and DeFuniak in the Third. Another proposed amendment is that "no trustee shall come from any county in which any of these schools are located."

The opponents of the measure claim that it is a move toward consolidation and in the sole interest of the University of Florida. This is emphatically denied by its advocates, who say that the sole purpose is in the interest of a better system of higher education, and that the proposed board of trustees would be in a position to foster each institution according to its just needs. Senator McCreary, who is a member of the Committee on Education in the Senate, while awaiting consultation with the superintendent and trustees of the East Florida Seminary, managed in the committee to say some very nice things about the Seminary and its present success and high standing, and by way of parenthesis the Seminary stands very well indeed with this Legislature, if present indications count. The Senator has invited the superintendent and trustees to confer in the matter with himself and his colleagues. Messrs. Rosborough and Tillman, as early this week as possible. The entire Alachua delegation is giving the matter most careful study and consideration.

The Gainesville Charter.

The new Gainesville charter bill will probably be introduced early in the week, or so soon as some point now under consideration may be determined upon. The Gainesville delegation that will be up this week will doubtless include Mayor Thomas, and these points will be discussed. Protests from citizens of North Gainesville continue to be received and are being given due consideration.

The bill for the relief of Marion county suggests the idea that Alachua, through her Board of County Commissioners, might secure reimbursement for rent paid in past years for the armory of the Gainesville Guards.

Brown-Baskin Contest.

The Brown-Baskin contest case is assuming large proportions and promises to be the feature of this week in Tallahassee. A large number of witnesses have been summoned from Marion, Sumter and Dade counties. Mr. Brown has engaged as his leading counsel, Hon. Fred T. Myers. This case will establish a precedent in Florida. Interest in the final outcome is growing.

Under the provisions of the Constitution of 1885 it became necessary this year to provide for the taking of a census of Florida by counties. The importance of this work is clearly apparent to anyone at all familiar with the errors of the United States census of 1900, and the consequent injustice to Florida. It is hoped the census bill will provide for the compiling of agricultural, manufacturing and industrial statistics, as well as the simple enumeration of the population.

All of the Alachua delegation are comfortably situated in Tallahassee, and all are at work, and harmoniously at that. Senator McCreary and Master Elmer, Representative Rosborough and the correspondent of The Sun are at Mrs. J. Stuart Lewis', who has a pretty new home only a few doors from the Capital. Representative Tillman is at Mrs. Moore's. Mrs. McCreary is expected early this week and will remain here until early in May, when she goes to Pensacola to attend the annual meeting of the Daughters of the Confederacy.

The formality of the re-election of United States Senator Taliaferro begins tomorrow, when the two branches of the Legislature vote separately. Wednesday the Legislature meets in joint session and consolidates the vote and it is all over.

Prof. W. M. Holloway will very shortly move into his new residence near the Capital. His chief assistant, Miss Clem Hampton, is very pleasantly located at the Leon. Speaking of the Leon reminds one that Alachua's youngest representative is a striking figure these evenings around the pretty parlors, where pretty women are also wont to congregate. Tillman is a hard worker during the day, but has acquired the excellent habit of wearing a boutonniere and a pleasant smile at night.

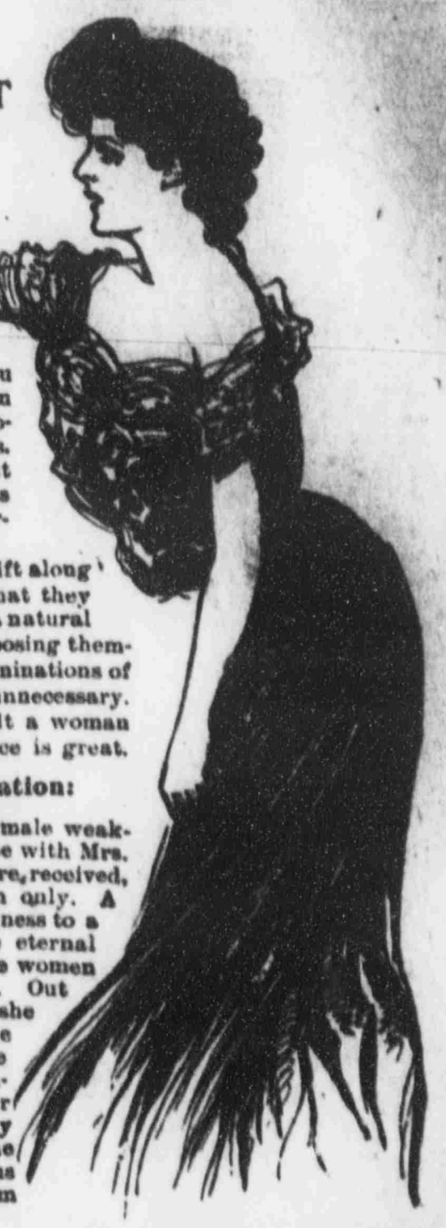
STOP! WOMEN,

AND CONSIDER THE ALL-IMPORTANT FACT



That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with woman's diseases covers a great many years.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the result.

First letter.

"Dear Mrs. Pinkham:—

"For eight years I have suffered something terrible every month with my periods. The pains are excruciating and I can hardly stand them. My doctor says I have ovarian and womb trouble, and I must go through an operation if I want to get well. I do not want to submit to it if I can possibly help it. Please tell me what to do. I hope you can relieve me."—Mrs. Mary Dimmick, 59th and E. Capitol Sts., Benning P. O., Washington, D. C.

Second letter.

"Dear Mrs. Pinkham:—

"After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me.

"As you know, I wrote you that my doctor said I must have an operation or I could not live. I then wrote you, telling you my ailments. I followed your advice and am entirely well. I can walk miles without an ache or a pain, and I owe my life to you and to Lydia E. Pinkham's Vegetable Compound. I wish every suffering woman would read this testimonial and realize the value of writing to you and your remedy."—Mrs. Mary Dimmick, 59th and E. Capitol Streets, Benning P. O., Washington, D. C.

When a medicine has been successful in restoring to health so many women whose testimony is so unquestionable, you cannot well say, without trying it, "I do not believe it will help me." If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

LAWYERS WRANGLE OVER JUROR

Sensational Turn of Affairs in the Famous Hargis Wit in Kentucky.

Lexington, Ky., April 15.—The contention among the attorneys in the Hargis case over the retention on the jury of R. W. Bacon, who made the sensational statement late yesterday that had apprised attorneys for the defense that he was a friend of Hargis and had also sent the name to them of another man who was also friendly for jury service, was renewed today and resulted in heated debates which frequently called for interference by the court. As the state had exhausted the challenges, the defense insisted on Bacon remaining on the panel, holding that the state should be made to abide by its own mistake. The court decided to hear evidence.

Colonel Allen, for the prosecution, was put under oath and told how he got the information of Bacon's attitude after he had exhausted his challenges, but did not give the name of his informant. The court then took the lawyers into a room and secretly discussed the matter, declaring he would announce his decision at the end of the day as to Bacon's retention on the jury.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

"I had been a sufferer for years," writes Calvin E. Hill, of Marietta, Ga., "from the frightful pains of neuralgia, and never found any remedy that would give me relief, until I tried Hamlins Wizard Oil, which effected a permanent cure." Price 50c and $1.

150 Persons Escape Fearful Fate.

New York, April 15.—Only about $25,000 loss was caused by fire early today which destroyed a six story building at 129 and 131 Hester street in the heart of the Hebrew settlement on the lower East Side. Only the front walls were left standing. Early reports were to the effect that scores of persons were asleep in the building but these proved untrue. There was no one on the premises except the watchman. The building was filled with sweat shops. A tenement adjoining was damaged on the upper floors. Policemen routed about 150 persons from their beds and drove them to the street, but no one was hurt.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WORKING TO SETTLE STRIKE.

Situation in Chicago Has a Decided Hopeful Outlook.

Chicago, April 15.—A more hopeful outlook for the settlement of the Montgomery-Ward teamsters and garment workers' strike developed today.

Labor leaders and an attorney representing the employing tailors' association held a conference with Mayor Dunne, and as a result it was stated that Montgomery, Ward & Co., were willing to take back the striking garment workers. The point upon which settlement would hinge was the basis upon which the garment workers would be taken back. President Cornelius P. Shea, of the Teamsters' union, President Dold, of the Chicago Federation of Labor, and President F. H. Rickert, of the Garment Workers represented the strikers in the conference. Attorney J. Isaacs spoke for the employing tailors' association.

After the conference, which was preliminary, Attorney Isaacs left to confer with the employers previous to returning again to the mayor.

Thousands have been benefited by their use. They only cost a quarter. For sale by all druggists.

Central to Build New Line.

Savannah, Ga., April 17.—It is definitely announced here that the Central railroad has decided to extend its Columbus and Greenville line from Greenville, in Meriwether county, to Newnan, in Coweta county, a distance of about 18 miles. This extension will be accompanied by a broadening of the gauge on the old road and will thus give the Central a short line to Atlanta, through its connection with the Atlanta and West Point railway at Newnan, and direct connection with Chattanooga, through Cedartown and Rome.

Rheumatic Pains Quickly Relieved.

The excruciating pains characteristic of rheumatism and sciatica are quickly relieved by applying Chamberlain's Pain Balm. The great pain relieving power of the liniment has been the surprise and delight of thousands of sufferers. The quick relief from pain which it affords is alone worth many times its cost. TURPENTINE MEN TO MEET.

Will Discuss the Naval Stores Situation in Different States.

Birmingham, Ala., April 17.—A special to the News from Hattiesburg Miss., says that all the turpentine operators in Alabama, west of the Alabama river, Mississippi, Louisiana and Texas, will hold a conference at Hattiesburg next Wednesday for the purpose as stated in the call of discussing the naval stores situation and devising ways and means to secure and means to secure and maintain the best possible prices for the product. It is said that the real purpose of the meeting is to form an organization to oppose the so-called turpentine trust, and to arrange for the handling of naval stores by a corporation representing the producers direct. A similar movement was recently launched by the eastern coast operators at a meeting held at Jacksonville, Fla. The organization in the west, it is said, is designed to supplement what has been done in the east.

The battle probably will occur at Tacoma, where boxing is permitted.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.
